## Bad Freight Wreck.

Two freight trains came together at the junction in the L. & N. yards in this city at an early hour Sunday morning, causing the worst wreck that has been recorded for some time. The early through freight from Corbin was coming in just as the Lexington freight was pulling out. Some box cars on siding obscured the view of the Lexington freight from the trainmen on the incoming freight, and the engineer and fireman did not see it until the two trains were almost together.

The engine of the Lexington train had just passed the switch when the Corbin train struck the second car behind the engine and plowed its way through three loaded cars of freight. Engineer Bagley and his fireman of the incoming train jumped from their cab windows and saved themselves. Brakeman Nichols, who was riding on the pilot of the engine so as to open the switch to a siding in the yards, had a very narrow escape, as he jumped when only in about ten feet of the Lexington train. No one was seriously hurt, the three mentioned being severely bruised.

We understand Mr. Nichols, who is a barber by trade and had only been railroading for a short time, immediately resigned from the railroad service to go back to shaving and cutting hair. He says life is short enough without courting death on a railroad.

## No Gambling.

There will be no gambling allowed at the big Kentucky State Fair to be held at Lexington, September 18-23. The Board of Control is endeavoring to place the fair on the highest possible plane, and hence decline the number of large monetary offers for gambling privileges which were forwarded to it. This announcement will be greeted with pleasure and approval by the people of the whole State. Some previous fairs held in Kentucky and even some of the good fairs held at Lexington, have been characterized by certain gambling features that could not be regarded otherwise than reprehensible, and this decision of the Board of Control not to allow any such devices on the grounds of the State Fair will add to the respect in which the big exhibition will be held.

## Re-interment of Capt. Bramblet.

All Confederate soldiers, Daughters of the Confederacy, brother Masons and friends, are requested to be present at the burial of Captain Peter Bramblet, which will take place in the Confederate lot, Paris cemetery, on August 24th, promptly at 3 o'clock.

Capt. Bramblet was born and reared in Bourbon county, Ky., near the historic grounds of "old Cane Ridge church." He was a young man of great prominence, endowed with personal appearance, possessor of a large farm and many slaves. He enlisted in the army during the Mexican War and served as lieutenant in Captain Simms company from 1847 until 1848.

In 1861 he enlisted in Col. Roger Hanson's regiment, Gen. John C. Breckinridge's brigade, and at battle of Murfreesboro, where 45,000 Confederates were engaged, and during the terrific charge made by Breckinridge, 2,000 were killed, he was among the number wounded, and while being borne tenderly from the field by Capt. Henry and other comrades he was again wounded, this time yielding up his precious life, as one of the bravest, knightliest soldiers, and tenderest gentlemen.

## Bourbon College News Notes.

Mrs. Wood and Mrs. Scrugg from near Frankfort, visited Bourbon College, last Friday, and both entered their daughters for the next school year.

Mrs. Christian, of Chilesburg, visited the College on Saturday and entered her daughter for the present year.

The boarding department is filling up rapidly and fifty girls will engage rooms before the school opens.

The College has been renovated during the Summer months and the rooms have been newly painted and papered. With the new walks and drives, everything presents a most inviting appearance.

This school is certainly growing in popularity and it is right that it should, for no school in the land trains girls better, not only in the literary department, but refines and develops them into elegant useful women.
